1. Background Information

On the 8th of April 2014, a hearing will take place at the Council of State, the Highest administrative court of the Netherlands. The Council of State would like to be informed, amongst other things, on the applicable fees for residence permits in other EU Member States. This information is requested in order for the Council of State to be able to determine whether or not the Dutch fees are exaggerated, or disproportionately high.

In this regard, I kindly ask you to provide the following information:

1. Directive 2004/114

In your country, if a residence permit was applied for based on the study Directive, what were the applicable fees:

- a. as per the 1st of January 2013?
- b. as per the 1st of January 2014?
